

## Thoughts on Section Awards and Recognition

It seem that over the last five years SR-6 has had multiple changes and thoughts on the idea of recognition. We have come from not enough recognition items to honor volunteers and youth, to maybe too much recognition. Our hope is to find the happy medium, so that worth individuals and lodges may be recognized appropriately and section money is not miss spent.

As of right now the current trend on section awards and recognition that can be earned or applied for is the; Quest for the Golden Arrow, Best overall AIE Lodge, Best overall Ceremonies Lodge, AIE Individual Award, Ceremonies Individual Award, Lodge Participation Award, Individual Participation Patch, the Josh Sain Best all-around Lodge Award and the Training College Recognition Patches.

I feel that these awards and items of recognition are in good order. Most of them are setup on a consistent criteria basis from year to year. They are judged by the individual committees. Also each committee budgets for these items each year. These items keep Conclave and the Section interesting for the participants and are a key part of the Conclave experience. To change these awards/recognition items drastically, I feel would be detrimental.

However, each year many people are also recognized with many different items of memorabilia. These include; recognition items for the Section Officers, Section Advisor, Assistant Advisors, Host Lodge Key Individuals, Special Guests, and Long Standing Volunteers. It is our hope to be able to recognize these people appropriately. In the past many of these individuals have received nothing some years. While in other years they have received the SR-6 Section Service Award (Silver Turtle), a set of lodge flaps, a engraved baseball bat or paddle, a certificate, etc. Some have felt this might be a little over board on items. We also want to insure that we recognize people constantly year to year. (Suggestions for appropriate recognition are below)

Our Section Officers need to be recognized for the dedication of a year of service. It takes a lot to fulfill their requirements as officers. An appropriate gift that has been used in the past is a framed collection of all the lodge patches with a plaque, commemorating the individual for his position and year of service. A certificate would be acceptable if deemed appropriate. (Note the Section Chief also has the option of ordering a belt buckle) If the officer is a 2nd or 3rd term officer this items could still work for each consecutive year, consider the patches do change. However, the option is left up to the Section Advisor.

The Section Advisor could also be recognized with a framed collection of all the lodge flaps for that year, with a commemorative plaque.

The Assistant Section Advisors, should be recognized for their hard work throughout the year. Maybe a certificate, or a nice piece of BSA Memorabilia.

Host Lodge Individuals, should be recognized much like the Assistant Section Advisors.

A guest of the Section should always walk away with a few gifts and a public thank you from the section. Most of these special guests would be National Officers, Members of the OA National Committee, Key Professional Staff, or guest from another Section. Most of these guest are invited for training and speaking purposes at Conclave. Something from us to them is nice to present when they are finished speaking, or at the closing show of the Conclave. Normally a plaque of some sort is a nice gesture of our appreciation.

Long Standing Volunteers are important to recognize, many of these individuals are already recognized by the committee they have helped on over the years. But, if someone is an outstanding help a small plaque or token of our appreciation is necessary. Some of these individuals would be good candidates for the Silver Turtle and should be recognized in that way.

The SR-6 Service Award (Silver Turtle) is the Sections highest award and if an appropriate candidate is found it should be awarded each year at Conclave. It is an award that can be awarded to both youth and adult. This award is given for outstanding service to the section as a whole. A Section Chief or outstanding Section officer, a multiple year Conclave Vice Chief (CVC), an adult who has served at the section level for multiple years some times more than ten. This award more depends on the character of the individual and his cheerful service. So far only four have been presented each year, however there is no set number per year.

The Selection Committee is comprised of previous recipients, with nominations presented by each lodge, the section Advisor, and the Section Officers. It is preferred that the lodge only submit one candidate, however it is appropriate to present two if one is youth and one adult. Just because someone is nominated does not mean they will receive the award. The Selection Committee will choose the appropriate recipients for that years Conclave at the last Council of Chiefs Meeting before the Conclave. All application must be submitted to the Section Advisor before the meeting begins. The Selection of the recipients will be confirmed by the Section Key 3 unless one of them is a candidate or a nomination has been submitted on their behalf. In that case the most recent Section Chief or the Next officer in line (Vice Chief) will step in to confirm the recipients. Unless they are over the age of 21 or are also a candidate themselves. If the Section Advisor is a candidate, the section staff advisor will choose another long standing advisor to approve the awards.

Also, it is important to stay consistent with the physical shape and type of the award. Please see below in the appendix for more information.

Our hope is that this information will allow the section awards to be more constant each year and will allow the appropriate people to be recognized for the service they have given. It is important to note that none of this information is by any means set in stone. The Council of Chiefs has all right to approve new awards or change any of the currently standing ones. These are just suggestions to insure that the conclave awards are appropriate for deserving individuals.
